

DONALD tavoli bassi / low tables**Design Philippe Starck**

"By the magic of transparency, reflection and diffraction, a Donald can hide a Donald"
"Par la magie de la transparence, de la réflexion et de la diffraction, un Donald peut cacher un Donald"
Philippe Starck

Serie di tavolini a forma di parallelepipedo, realizzati in cristallo stratificato 3+3mm, perfettamente incollato a 45°, disponibili in tre misure e nei dodici colori dei cristalli trasparenti colorati.

La base a specchio è rifinita perimetralmente da un sottile profilo in acciaio inox supersilver, che protegge il cristallo da eventuali urti.

I parallelepipedi possono quindi essere accostati per dar forma ad articolate composizioni volumetriche o vivere separatamente come singoli elementi.

Series of parallelepiped-shaped coffee tables, created in 3+3mm thick laminated glass, perfectly bonded at 45°, available in three sizes and in twelve colors of transparent colored glass.

The mirrored base is finished on the perimeter by a thin profile in "supersilver" stainless steel, which protects the glass from impact.

The parallelepipeds can therefore be placed side by side to create articulated larger compositions or can be used separately as single elements.

Misure / Dimensions:

33 x 33 xs H 50 cm (DOB01)

33 x 66 x H 35 cm (DOB02)

66 x 66 x H 25 cm (DOB03)
