

A FEW WORDS ON PHILIPPE STARCK

Philippe Starck, world famous creator with multifaceted inventiveness, is always focused on the essential, his vision: that creation, whatever form it takes, must improve the lives of as many people as possible. This philosophy has made him one of the pioneers and central figures of the concept of “democratic design”.

By employing his prolific work across all domains, from everyday products (furniture, a citrus-squeezer, electric bikes, an individual wind turbine), to architecture (hotels, restaurants that aspire to be stimulating places) and naval and spatial engineering (mega yachts, habitation module for private space tourism), he continually pushes the boundaries and requirements of design, becoming one of the most visionary and renowned creators of the international contemporary scene.

Philippe Starck and his wife, Jasmine, spend most of their time on airplanes or in "middles of nowhere".
